For CLERGY

Preparing for the OCIA: Changes in Translation, Opportunities for Renewal

In this workshop, clergy will have the chance to examine the newly translated ritual text and consider the ways they can implement the vision of the OCIA throughout all parish life, thus renewing the life-giving fire of the catechuminate.

For INITIATION MINISTRY TEAMS

The New Translation of the OCIA: An Opportunity to Re-envision Catechumenal Ministry

In addition to surveying the changes in the OCIA ritual text, the Christian initiation ministry coordinators, teams, and catechists of your diocese will assess their current practice of ministry and be inspired to take a renewed approach.

For the PARISH STAFF

The OCIA is not just about forming candidates for sacraments. It's a model for Christian living. When all of parish life is inspired by the baptismal catechuminate, the community is continually being evangelized, rendering themselves capable of more effectively carrying out the call of discipleship.
